SPRING 2024 NEW PRODUCTS

Spring 2024 New Products

Dear Robern Customer,

This season, we're thrilled to expand our luxury portfolio and to spotlight our latest mirror designs: the grandeur of Statuesque's lighted mirror, the elegance of Sculpt hanging mirrors, and the contemporary style of Pill and Arch mirrors, designed to enhance and expand the range of our Craft Series.

Robern's enduring legacy of design and innovation is expanded further with more Craft Series styles — four stunning wooden vanities with engineered stone tops: Alisal, Rosebrook, Wyndale, and Willowmere. Additionally, we wanted to be sure to highlight the array of lighting products launched last fall which were designed to take our ingenious illumination features beyond the bath: Tenor, InLine 2.0 sconces, and our revolutionary SWAY lighting control.

The Spring 2024 New Products Catalog in your hands now serves as a supplement to the 2024 Price Book you received in January and provides detailed information on all our exciting new additions.

For further details or assistance when ordering, don't hesitate to reach out to your dedicated Robern Sales Representative.

Sincerely,

Kim Melendez
Director of Sales

Sanctuary Space

Step into a world of quiet luxury with Robern's exceptional pieces, designed to elevate your daily rituals into moments of sublime self-care. Our inspired technology and personalization options create an indulgent oasis of pure pampering.

STATUESQUE LIGHTED MIRRORS, pages 8-9
A grand, lighted mirror makes an impressive design statement and lights up a fully beautiful reflection of you. When well-lit mirrors capture your confidence, joy, and everyday moments, beauty isn't just seen, it's felt.

SCULPT HANGING MIRRORS, page 10
Statement-piece Sculpt Collection hanging mirrors' elegant dimensionality expands creative installations into gracious architectural design elements that reflect your love of style. Complements Craft Series vanities and linen cabinets.

CRAFT SERIES MIRRORS, page 11
Designs that transform: Craft Series wall mirrors offer clean lines, gentle contours, and crystal-clear reflections to beautifully imbue interiors with a sense of space, light, and style.

ALISAL VANITIES AND TOPS, page 12

Relaxed and contemporary, an industrial design influence is elevated with layered textures and a driftwood-inspired palette. Dimensional drawer fronts and horizontal wood grain details create sculptural depth, adding luxurious form to function.

ROSEBROOK VANITIES AND TOPS, page 13

The tasteful, timeless allure of Parisian style creates an innate sense of design chic. Inspired by the romance and artistry of this storied city's design and architecture, wood-grain detailing and delicate, metal inlays circumscribe its gracious curves.

WYNDALE VANITIES AND TOPS, page 14

Sleek, clean lines and thoughtful functionality define the minimalist ethos of Mid-century modern. Sculptural, textural design elements create an elegant dimensionality, iterating and elevating the style's most classic motifs.

WILLOWMERE VANITIES AND TOPS, page 15

The elegant sophistication of a frame-in-frame raised panel design showcases the studied traditional craftsmanship of classic mitered cabinetmaking. Ring pulls and ornamented end caps add to its heirloom appeal.

SENDAI VANITIES AND TOPS, pages 16-17

The warmth of textured oak wood contrasts with bold metalwork for a balanced, harmonious design. Chamfered drawers reveal coordinating metal accents, while solid wood and stainless-steel framing provide structure and durability.

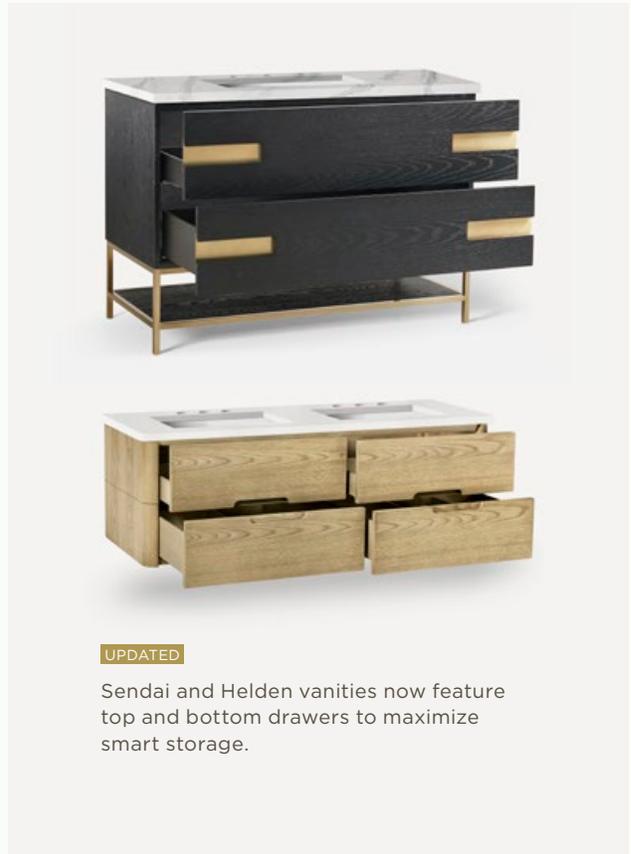

SKAARSGARD VANITIES AND TOPS, page 18

Modern Scandinavian design gets a traditional twist with brushed pewter hardware, Shaker-inspired mitered detailing, and wood construction in a rustic light oak finish. Available in three new sizes for easy interior space planning.

HELDEN VANITIES AND TOPS, page 19

Contemporary, clean, essentialist design. Crafted from oak with a driftwood-inspired finish, this floating vanity features softly curved edges and carved finger grooves for a relaxed coastal look. All working drawers maximize smart storage.

UPDATED

Sendai and Helden vanities now feature top and bottom drawers to maximize smart storage.

INLINE 2.0 LIGHTING, pages 20-21

InLine's sleek, seamless mirrored framing beautifully illuminates modern interiors. Modular and sconce styles offer exceptional design flexibility, while state-of-the-art tunable and dimmable features answer a range of lighting needs, from precision task to artistic and ambient, anywhere in the home.

TENOR LIGHTING, pages 22-24

Available in three elegant styles inspired by the golden age of Hollywood glamour, Tenor Modular Lighting pairs with Robern medicine cabinets and mirrors for flawless design flexibility. Tenor Sconces elevate any environment with the artistry of light. Pair with proprietary SWAY control for personalized tuning and dimming.

STATUESQUE LIGHTED MIRROR PROGRAM

Embodying the heights of luxury, stately style, and refined design, a grand lighted mirror offers beautiful, luminous self-reflection for every moment and mood in the luxury home. Capture the day's inner and outer beauty and bring your best self to light.
