VITALITY SCULPT™

NEW TO THE LIGHTED MIRROR COLLECTION

Experience the high-quality lighting of the Vitality® Lighted Mirror Collection in a brilliant new way—encased in expertly designed frames worthy of a museum.

VITALITY SCULPT™ LIGHTED MIRRORS

The Vitality® Lighted Mirror Collection was introduced to give you ideal lighting for all of your bathroom tasks. This already striking collection now offers a new line of meticulously designed museum framed mirrors that take the same optimal brightness and add stunningly stylish enhancements to ensure you always find your best light.

BEHIND THE DESIGN

The sophisticated interplay of premium task lighting and museum frames makes the Vitality® Sculpt Lighted Mirror an undeniably exquisite focal point in a variety of styling spaces.

OUR DESIGNERS

SETH STEVENS
CHIEF DESIGNER

“ From modern to traditional, frames help define the overall aesthetic of a styling space. ”

LINDA YANG
SENIOR DESIGNER

“ The key to designing the perfect frame was understanding the relationship with light. ”

DETAILS OF DISTINCTION

FRAMES THAT DEFINE

The Vitality® Sculpt Lighted Mirror Collection includes two frame styles: Chamfer and Slim. The angled design of the Chamfer museum frame adds dimension for a unique look that pairs well with transitional and traditional environments. For a shadow box effect and to complement a modern aesthetic, the sleek profile of the Slim museum frame creates a minimalist look.

METICULOUS DESIGN

Museum frames showcase the lighted mirror by featuring a $\frac{3}{8}$ -inch gap between the edge of the mirror and the overall frame. This kind of precise design allows for even task lighting, as well as high color rendering index (CRI), and lumen output, so you see your truest reflection.

FINISHES & STYLING

Each museum frame is available in popular finishes such as Matte Gold and Matte Black for a statement look, or choose from Chrome and Polished Nickel to coordinate with other finishes in the space. The frames come in an assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces.

VITALITY® SCULPT LIGHTED MIRROR KEY FEATURES

WARM WHITE LED LIGHTING

Warm, relaxing tones (2700K) replicate indoor lighting to help you unwind before bed or ease into your morning.

HIGH COLOR RENDERING INDEX (CRI)

Offers remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection.

OPTIMAL LIGHT DIRECTION AND OUTPUT

The best light is achieved by a combination of high lumen output and proper placement in relation to the face and body. The Vitality Sculpt™ Lighted Mirror eliminates dark shadows and provides bright, even task lighting.

DEFOGGING

Defogging technology ensures a clear reflection, so a steamy shower won't slow down your mornings.

SMOOTH, FLICKER-FREE DIMMING

Dimmable LED task lighting lets you select the ideal brightness for any task. The mirror's LED task lighting provides continuously dimmable brightness to 1%, exceeding Title 24 requirements ($\leq 10\%$ minimum dimming level).

EASE OF INSTALLATION

The Plug and Hang[™] system makes installation effortless. Power cords are installed with easy plug-in installation and the pinch cleat mounting provides strength and simplicity to the installation process, eliminating the need to bring back an electrician to install or remove.

UPGRADE TO TITLE 24 COMPLIANCE

For Title 24 Compliance in residential and commercial projects, Vitality® Sculpt Lighted Mirrors are certified High Efficacy to California Title 24 performance requirements. Our Title 24-Compliant product is certified as High Efficacy with up to 60% more lumen output with a CRI value of 90+ and R9 of 50+.
