Lighted Magnification Mirrors

Illuminate the finer points of your daily grooming tasks with LED task lighting paired with 5x magnification. A capacitive touch control allows the user to easily turn the light on and off, and also select the color temperature best suited for the task at hand. Remarkably accurate color rendering, with a CRI value of 90+, ensures the truest reflection.

Freestanding Lighted Magnification Mirrors

Freestanding lighted magnification mirrors feature 5x magnification, a power cord, and selectable color temperature for soft white (3000K) or cool white (5000K) lighting. Tilt up or down for the perfect angle.

COLOR TEMPERATURE OPTIONS

Unlit Magnification Mirrors

Create a well-appointed design that elevates your routine with a freestanding or wall-mount magnification mirror. The double-sided wall-mount mirror pivots easily, offering a standard mirror on one side and 7× magnification on the other. The freestanding mirror provides 5× magnification and tilts for perfect positioning.

Freestanding Magnification Mirrors

Freestanding magnification mirrors are available in chrome, satin nickel, matte black, and light brushed bronze finish options to perfectly complement your décor.
