CONFIGURABLE OPTIONS

- Styles: Perimeter, Edge Lit
- Hinge Side: Left or Right

FEATURES & BENEFITS

- Perimeter and Edge light patterns provide task lighting ideal for grooming and allows you to see yourself in the best light.
- "Elegant on-mirror touch controls with TUN™ technology allow user to set the ideal brightness and color temperature for any task (2700K - 5600K)."
- Integrated interior lighting fully illuminates the cabinet when opened so you can easily see contents. Interior lighting turns on when the door is open and off when it is closed.
- An adjustable perimeter lit 5x magnification mirror with dimming functionality and selectable light temperatures makes close-up grooming tasks easy and convenient. The adjustable lit magnification mirror extends up to 13" outside of the cabinet and can tilt +/- 25 degrees for better viewing.
- A wire organizer keeps cords and cables off the countertop while charging your devices and includes a wrap for wires to remain neat and tidy.
- Two built-in electrical outlets accommodate four plugs to keep your styling tools powered up.
- Two integrated USB ports (A & C) charge your devices while you prepare for the day ahead.
- Storage bins hold makeup brushes, cosmetics, and small grooming tools and keep them from spilling out of the cabinet.
- A magnetic storage strip conveniently holds metal grooming tools neatly arranged and within easy reach.
- Slow-Close Blum hinges prevent slamming, reduce wear and tear on your cabinet, and ensure a soft closure every time.
- Compatible with Vesper, InLine, Profiles, M Series*, M Series Reserve, PL Series*, PL PORTRAY, AiO Cabinet*, Vitality Cabinet* (cabinets marked with * are only compatible when recess installation)
- Ideal for ADA applications

AIO RESERVE™ MEDICINE CABINETS

- Constructed to operate in high humidity or damp spaces. ETL Certified for damp locations to UL 962,
- CSA Standard C22.2, No. 68

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum construction
- Robern's quiet close Safeseal gasket protects the interior from dust and moisture
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door - simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with ¼" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 36" H, 40" H and 48" H, 8 shelves for 72" H. Save time with setting up your cabinet by adding 2 clips per shelf
- Salt Spray Testing (ASTM Standard) for 300 hours to ensure durability
- Cass Testing - copper test (simulate whole life of product) - accelerated age testing

INSTALLATION

- This installation may require more than one person
- Recessed, semi-recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount and semi-recessed installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project ⅞" from wall and must be recessed no less than 3-¾"

CONFIGURABLE OPTIONS

- Style: Rectangle, Rounded Corner, Arch, Pill

FEATURES & BENEFITS

- Soft decorative glow surrounding the cabinet front that casts onto wall and accentuates the shape.
- Perimeter light pattern and on-mirror TUN technology on interior of door offers task lighting when the door is open - easily accessing contents during your daily rituals.
- Elegant touch controls on the interior mirror to set the ideal brightness and color temperature for any task (2700K-5600K).
- Integrated interior lighting fully illuminates the cabinet when opened so you can easily see contents. Interior lighting turns on when the door is open and off when it is closed.
- An adjustable perimeter lit 5x magnification mirror with dimming functionality and selectable light temperatures makes close-up grooming tasks easy and convenient. The adjustable lit magnification mirror extends up to 13" outside of the cabinet and can tilt +/- 25 degrees for better viewing.
- A wire organizer keep cords and cables off the countertop while charging your devices and includes a wrap for wires to remain neat and tidy.
- Two built-in electrical outlets accommodate four plugs to keep your styling tools powered up.
- Two integrated USB ports (A & C) charge your devices while you prepare for the day ahead.
- Storage bins hold makeup brushes, cosmetics, and small grooming tools and keep them from spilling out of the cabinet.
- A magnetic storage strip conveniently holds metal grooming tools neatly arranged and within easy reach.
- Slow-Close Blum hinges prevent slamming, reduce wear and tear on your cabinet, and ensure a soft closure every time.
- Compatible with Vesper, InLine, Profiles, M Series*, M Series Reserve, PL

- 48" x 27" (1,219 mm x 686 mm)

Depth: 6" (152 mm)

Net Weight: 80 - 100 lbs

CONFIGURABLE OPTIONS

- Styles: Non-Lit, Perimeter Lighting
- Upgrade Options: Electric Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports), Electric+ Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports, Night Light, Defogger), Electric+ with TUN upgrade: interior lighting, electrical outlets, USB charging ports, night light and defogger and TUN Technology (touch controls on the mirror to fine-tune between 2700K-5600K)
- Handle Finish Options: Anodized Aluminum (standard), Chrome, Polished Nickel, Matte Gold, Matte Black

FEATURES & BENEFITS

- Unique vertically opening, no-swing door allows for unobstructed installations
- Position-hold door-opening mechanism lets you open the door as low or as high as you need
- Aluminum handle for effortless two-finger lifting; upgrade to match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black.
- Lighted option provides warm, relaxing tones (2700K) that replicate indoor lighting
- TUN Technology lets you fine-tune the color temperature to groom for where you're going, whether it's a candlelit dinner or a bright office space
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminate dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring
- The night light provides a soft light that illuminates to help locate items in the middle of the night. Programmable night light in 12-hour increments. Press the button to turn the night light on/off without affecting the programming
- Defogging technology ensures a clear reflection. Turn defogger on and off with the push of a button. The defogger has a timer and will turn off automatically in about 45 minutes
- Power when and where you need it most, the electric column features two USB charging ports and two 15A, 120VAC tamper resistant outlets (3 plugs), to provide power for items such as electric razors and curling irons
- Sensor controlled, low wattage interior LED light

**M SERIES RESERVE™ MEDICINE CABINETS**

robern.com/m-series-reserve

- Keep cords and cables off the countertop while charging your devices with a wire organizer. Simple tool-less installation to lock in place and adjustable along a vertical track. Included tie wrap keeps wires neat and tidy
- Two built-in outlets accommodate four plugs to keep your styling tools powered up. 15A, 120VAC tamper resistant outlet, to provide power for items such as electric razors and curling irons
- Two integrated USB ports charge your devices while you prepare for the day ahead (total output 4.2 A, 5V)
- Keep makeup brushes, cosmetics, and small grooming tools from spilling out of the cabinet with storage bins. 5" x 1-13/16" storage bin has compartments that can hold smaller items up to 5/8" diameter and 2-1/2" x 3-5/8" storage bin allows for storage of tall items. Simple tool-less installation adjustable along a horizontal track
- Electric+ Upgrade:
 - Soft LED lighting along the bottom of the cabinet door casts an elegant glow over your styling space and provides gentle wayfinding light. The built-in timer can follow an automatic 12-hour on/off cycle or be programmed to suit your preferences
 - Patented auto defogging technology ensures a hands-free clear reflection. Smart technology senses when to defog by measuring air temperature, surface temperature and humidity
- Compatible with Vesper, InLine, Profiles, M Series*, M Series Reserve, PL Series*, PL PORTRAY, AiO Cabinet*, Vitality Cabinet* (cabinets marked with * are only compatible when recess installation)
- Incorporate the benefits of a Full Length mirror into your space with the 72" H cabinet featuring the convenience of hidden storage
- Ideal for ADA applications
- Constructed to operate in high humidity or damp spaces. Electric and Electric+ Upgrades are ETL Certified for damp locations to UL 962, CSA Standard C22.2, No. 68

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum construction
- Robern's quiet close Safeseal gasket protects the interior from dust and moisture
- Bevel edge refers to a mirror with edges cut and polished to a 3/4" angle to produce a sculpted, framed look, while polished edge ensures a clean design with no sharp edges (3 mm - polished, 4 mm - bevel)
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door - simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with 1/4" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 36" H, 40" H and 48" H, 8 shelves for 72" H. Save time with setting up your cabinet by adding 2 clips per shelf

- Salt Spray Testing (ASTM Standard) for 300 hours to ensure durability
- Cass Testing - copper test (simulate whole life of product) - accelerated age testing

INSTALLATION

- This installation may require more than one person
- Recessed, semi-recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount and semi-recessed installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4"
- Standard and Electric Upgrade are reversible, allowing the customer to choose orientation for hinges. Electric+ Upgrade is available in left hinge and right hinge

M SERIES MEDICINE CABINETS

robern.com/m-series

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design - rear of cabinet and both sides of door
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area provided in the rail of the cabinet

INSTALLATION

- Recessed, semi-recessed or surface-mount installation (6" cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4"
- When ganging two or more 70" H full length cabinets, the use of a MHANDLEKIT or MPUSHKIT on one cabinet is required.
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.
- All cabinets require the customer to select the hinge side for their cabinet: Left or Right = hinge side when facing cabinet.

CONFIGURABLE OPTIONS

- Edge Type: Polished Edge or Bevel Edge
- Upgrade Options:
 - Slow-Close Hinges
 - Magnification Mirror Upgrade: Slow-Close Hinges, Sliding Magnification Mirror
 - Storage Upgrade: Slow-Close Hinges, Sliding Magnification Mirror, Quick Caddy
 - Electric Upgrade: Slow-Close Hinges, Magnetic Strip, Interior Lighting, USB Charging Ports, Electrical Outlets, Phone Holder
 - Storage + Electric Upgrade: Slow-Close Hinges, Sliding Magnification Mirror, Quick Caddy, Magnetic Strip, Interior Lighting, USB Charging Ports, Electrical Outlets, Phone Holder

FEATURES & BENEFITS

- Choose from upgrade options that range from simple and affordable to feature-rich solutions
- Cantilever Shelves feature hidden adjustment holes for a clean and custom-built appearance
- Slow-close hinges prevent slamming, reduce wear and tear on your cabinet, and ensure a soft closure every time
- Accessories designed in a complementary color to match interior and coordinates together for optimal storage and functionality solutions
- Power when and where you need it most with PORTRAY Electric Upgrade, featuring two USB charging ports (total output 4.2 A, 5V) and one 15A, 120VAC tamper resistant outlet (2 plugs), to provide power for items such as electric razors and curling irons. Location of USB charging ports and outlet is customer configurable (left or right side of accessory)
- Interior cabinet light turns on when the door is open and off when it is closed, making it easy to find items even when your room is dark. The sensor controlled, low wattage interior LED light is available with the PORTRAY Electric Upgrade and features a soft white (3000K) for a

PL PORTRAY® MEDICINE CABINETS

relaxing tone

- Phone holder is available on the front of the PORTRAY Electric Upgrade by providing a shelf to house the phone while plugged into the USB charging port
- Magnetic Storage area on the PORTRAY Electric Upgrade allows for convenient access to small metal implements and to simplify your daily routine with quick access. Location of magnetic storage is customer configurable (left or right side of accessory)
- PORTRAY Sliding Magnification Mirror with 5x magnification to help with those up-close details that is integrated in the door creating a seamless design that allows for ergonomic vertical adjusting. This 6-7/8" diameter round magnification mirror pivots to bring the mirror to your face for ease of use and provides additional ergonomics to allow for mirror movement without smudging the mirror (two hands needed to adjust)
- PORTRAY Quick Caddy features five (5) divided sections - ideal for holding smaller items such as cotton swabs, makeup and makeup brushes - creating a functional accessory that eliminates clutter inside the medicine cabinet and on countertops. This accessory holder pivots to swing outside of the cabinet for access when the medicine cabinet is closed. The bin of three (3) dividers is removable allowing you to access items anywhere and for ease of cleaning
- Customize around your own needs with a modular design that is intentionally flexible by nature. Install as a single unit, pair cabinets or mirrors together for a multi-product installation or pair with modular lighting for a task lighting and storage solution
- Cabinets can be ganged with AiO Cabinet, Vesper Lighting, InLine Lighting, M Series Cabinet, PL Series Cabinet and Vitality Cabinet
- Incorporate the benefits of a Full Length mirror into your space with the 72" H cabinet featuring the convenience of hidden storage
- Ideal for ADA applications
- Constructed to operate in high humidity or damp spaces. PORTRAY Electric Upgrade is ETL Certified for damp locations to UL 1598, CSA Standard C22.2, No.
- Construction
- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body with a subtle gray interior
- Concealed finger pull surrounds the door edge for ease of opening
- Bevel edge refers to a mirror with edges cut and polished to a 3/4" angle to produce a sculpted, framed look, while polished edge ensures a clean design with no sharp edges (3 mm - polished, 4 mm - bevel)
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door - simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Door opening angle 110 degrees: Blum 3-way adjustable soft-close concealed hinges with a built in feature to ease the door closed silently, while the self-closing concealed hinges have a spring built in that catch

the door and pulls it closed to tell you that the door is closed

- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with 1/4" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments: 3 shelves for 20"H, 26" H, 30" H, 4 shelves for 36" H, 40" H. Save time with setting up your cabinet by adding 2 clips per shelf
- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cass Testing - copper test (simulate whole life of product) - accelerated age testing

INSTALLATION

- This installation may require more than one person
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4"
- All cabinets are reversible, allowing the customer to choose orientation for hinges

PROFILES® MEDICINE CABINETS

THE BOLD METAL FRAME MAKES A STUNNING FIRST IMPRESSION, WHILE THE CLEVER STORAGE SOLUTIONS WITHIN - LIKE INTEGRATED OUTLETS, USB CHARGING PORTS AND A MAGNETIC TOOL HOLDER - CREATE A LASTING IMPACT. PROFILES MEDICINE CABINETS ARE GANGABLE AND CAN BE EASILY COMBINED TO CREATE ADDITIONAL STORAGE SPACE. IF THE EXTRA SPACE ISN'T NECESSARY, PAIR WITH PROFILES MIRRORS OR PROFILES LIGHTING TO ACHIEVE THE PERFECT LOOK.

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design - rear of cabinet and both sides of door
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop):
Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H & 48" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

PROFILES® MEDICINE CABINETS

INSTALLATION

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed, semi-recessed or surface-mount installation (6" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 15/16" from wall and must be recessed no less than 3-3/4" deep
- For ganging with Profiles Lighting or Profiles Mirrors, a ganging kit is needed to ensure flush alignment
- Optional MGKIT includes hardware to gang both sides of a cabinet.
As a result, three cabinets or two cabinets and three lights can be ganged together from one MGKIT.

MURRAY HILL™ MEDICINE CABINETS

power for items such as electric razors and curling irons. Location of USB charging ports and outlet is customer configurable (left or right side of accessory)

- Interior cabinet light turns on when the door is open and off when it is closed, making it easy to find items even when your room is dark. The sensor controlled, low wattage interior LED light is available with the PORTRAY Electric Upgrade and features a warm white (3000K) for a relaxing tone
- Phone holder is available on the front of the PORTRAY Electric Upgrade by providing a shelf to house the phone while plugged into the USB charging port
- Magnetic Storage area on the PORTRAY Electric Upgrade allows for convenient access to small metal implements and to simplify your daily routine with quick access. Location of magnetic storage is customer configurable (left or right side of accessory)
- PORTRAY Sliding Magnification Mirror with 5x magnification to help with those up-close details that is integrated in the door creating a seamless design that allows for ergonomic vertical adjusting. This 6-7/8" diameter round magnification mirror pivots to bring the mirror to your face for ease of use and provides additional ergonomics to allow for mirror movement without smudging the mirror (two hands needed to adjust)
- PORTRAY Quick Caddy features five (5) divided sections - ideal for holding smaller items such as cotton swabs, makeup and makeup brushes - creating a functional accessory that eliminates clutter inside the medicine cabinet and on countertops. This accessory holder pivots to swing outside of the cabinet for access when the medicine cabinet is closed. The bin of three (3) dividers is removable allowing you to access items anywhere and for ease of cleaning
- Ideal for ADA applications
- Constructed to operate in high humidity or damp spaces. PORTRAY Electric Upgrade is ETL Certified for damp locations to UL 1598, CSA Standard C22.2, No.

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body with a subtle gray interior
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door - simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Door opening angle 110 degrees: Blum 3-way adjustable soft-close concealed hinges with a built in feature to ease the door closed silently, while the self-closing concealed hinges have a spring built in that catch the door and pulls it closed to tell you that the door is closed
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with four (4) 1/4" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments

- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cass Testing - copper test (simulate whole life of product) - accelerated age testing

INSTALLATION

- This installation may require more than one person
- Recessed installation only - hardware included
- Recessed cabinets project 1" from wall for Pill and Arch and 1-1/2" for Facet and must be recessed no less than 3-3/4"
- All cabinets are reversible, allowing the customer to choose orientation for hinges

- Constructed to operate in high humidity or damp spaces. PORTRAY Electric Upgrade is ETL Certified for damp locations to UL 1598, CSA Standard C22.2, No.

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body with a subtle gray interior
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door - simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Door opening angle 110 degrees: Blum 3-way adjustable soft-close concealed hinges with a built in feature to ease the door closed silently, while the self-closing concealed hinges have a spring built in that catch the door and pulls it closed to tell you that the door is closed
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with four (4) 1/4" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments
- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cass Testing - copper test (simulate whole life of product) - accelerated age testing

INSTALLATION

- This installation may require more than one person
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 1-1/8" for Bryn Mawr, 1-3/8" for Merion, 1-3/8" for Rosemont and must be recessed no less than 3-3/4" deep
- Electric option cabinet: standard knock out for 1/2" (13mm) cable connector, wired internally - front access serviceability

DIMENSIONS & WEIGHT

Dimensions (W × H):

- 3-1/2" × 30" (89mm × 762mm)
- 3-1/2" × 36" (89mm × 914mm)
- 3-1/2" × 39-3/8" (89mm × 1000mm)
- 3-1/2" × 48" (89mm × 1219mm)

Depth:

- Modular: 4-5/8" (117mm) surface-mount, 15/16" (24mm) recessed
- Sconce: 1-1/4" (32mm) surface-mount

Net Weight: 10 – 15 lbs.

CONFIGURABLE OPTIONS

- Type: Modular Lighting, Sconce Lighting
- Upgrade Options: Dimmable: Dimming to 5%, 3000K; Tunable: Dimming to 5%, Color Temperature Tuning 2700K – 5600K (requires SWAY™ Control, sold separately)

FEATURES & BENEFITS

- Modular lighting has a seamless and flush aesthetic that can be ganged with medicine cabinets
- Sconce design can add precision lighting to the bathroom or enhance any space with an artistic lighting display
- Sconce installation offers incredible design versatility — add task lighting to the bathroom, highlight an architectural feature, or add a touch of artistry anywhere in the home
- Dimmable LEDs add ambiance that can be used as a night light allowing for wayfinding at night and safe trips to the bathroom
- InLine Dimmable Lighting is compatible with most standard residential dimmers; InLine Tunable Lighting utilizes the SWAY Control for full control over dimming and color tuning
- InLine Dimmable provides warm, relaxing tones (3000K) that replicate indoor lighting; InLine Tunable lets you fine-tune your color temperature between warm white (2700K) and bright white (5600K) with the use of the SWAY Control (required)
- Light direction and output eliminate dark shadows, provides bright even lighting and rich, saturated tone in your reflection
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+. An R9 value of 50+ in conjunction with a CRI of 90+ is needed to accurately render colors, bring out skin tones and accurately match makeup to skin tone
- Lighting has been tested and certified to California Title 24 standards and meets JA8 2016 requirements
- Will operate in high humidity or damp spaces. ETL certified to UL 8750 CSA Standard C22.2 No. 250.13

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Front frosted glass lens
- Quality glass diffuser for consistent light output, reducing eye strain with no dark/hot spots
- Fully encased lighting construction eliminating exposed LEDs and electrical components

INSTALLATION

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Modular lighting adds 3-½" per light to the overall rough-in width
- Modular light fixture comes with ganging hardware to mount to one side of a cabinet. Ganging kit is required when ganging more than one cabinet
- Modular lighting can be surface-mounted with 4" depth (D4) and 6" depth (D6) cabinets (D4 and D6 surface-mount kit required). Can be semi-recessed with 6" (D6) cabinets (D6 semi-recessed kit required) and fully recessed with 4" depth (D4) and 6" depth (D6) cabinets
- Modular lighting ease of installation: build the modular lighting and cabinet configuration prior to placing in the wall using keyhole installation brackets and quick plug-in wire connectors, making installation a cinch
- Sconce ease of installation: no cabinet required, mounts easily to the wall
- Sconce orientation: portrait
- 6' Cat. 5 cable included for connection to SWAY Control or additional InLine lighting (if using InLine Tunable Lighting)
- InLine Dimmable operates on 120VAC 102.6W 60Hz per fixture; InLine Tunable operates on 120VAC 68.4W 60Hz per fixture
- Wired internally - front access serviceability
- Recommended dimmer for fixture (dimmable model only): Lutron C.L Dimmers or Caseta Wireless. This dimmer has a full range control, low light adjustment, stops flickering and last setting memory
- InLine Tunable requires SWAY Control (sold separately) and a decora wall plate

INSTALLATION

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Fixture adds 3-1/2" or 5" per light to the overall rough-in width
- Can be recessed or surface-mount with 4" depth (D4) cabinets (D4 surface-mount kit required) and fully recessed with 6" depth (D6) cabinets
- Ganging kit required if used to mount with multiple cabinets - light comes with ganging hardware on one side
- Operates on 120VAC and 0.5A (2700K/4000K) or 1.0A (variable) per fixture
- Glass lens plane sits flush when paired with a Profiles Medicine Cabinet and Mirror (the mirror when used with ganging kit)
- Wired internally - front access serviceability
- Recommended dimmer for Profile fixture: Lutron Diva ELV Dimmer (Model DVELV300P) or Caseta Wireless ELV Dimmer (Model PD5NE). These dimmers have full range control, low light adjustment, stop flickering and last setting memory

TENOR™ LIGHTING

robern.com/tenor

- Light direction and output eliminate dark shadows, provides bright even lighting and rich, saturated tone in your reflection
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+. An R9 value of 50+ in conjunction with a CRI of 90+ is needed to accurately render colors, bring out skin tones and accurately match makeup to skin tone
- Lighting has been tested and certified to California Title 24 standards and meets JA8 2016 requirements
- Will operate in high humidity or damp spaces. ETL certified to UL 8750 CSA Standard C22.2 No. 250.13

CONSTRUCTION

- Durable rust-free aluminum and glass construction - glass resists intense moisture, ensuring long-lasting beauty
- Chrome plated back frame
- Quality glass diffuser for consistent light output, reducing eye strain with no dark/hot spots
- Fully encased lighting construction eliminating exposed LEDs and electrical components

INSTALLATION

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Modular lighting adds 3-½" per light to the overall rough-in width
- Modular light fixture comes with ganging hardware to mount to one side of a cabinet. Ganging kit is required when ganging more than one cabinet
- Hinge stop required for door hinge swing greater than 110° with modular lighting (included with medicine cabinet)
- Modular lighting can be surface-mounted with 4" depth (D4) and 6" depth (D6) cabinets (D4 and D6 surface-mount kit required). Can be semi-recessed with 6" (D6) cabinets (D6 semi-recessed kit required) and fully recessed with 4" depth (D4) and 6" depth (D6) cabinets
- Modular lighting ease of installation: build the modular lighting and cabinet configuration prior to placing in the wall using keyhole installation brackets and quick plug-in wire connectors, making installation a cinch
- Sconce ease of installation: no cabinet required, mounts easily to the wall

- Sconce orientation: Any orientation on the wall
- 6' Cat. 5 cable included for connection to SWAY Control or additional Tenor lighting (if using Tenor Tunable Lighting)
- Tenor Dimmable operates on 120VAC 102.6W 60Hz per fixture; Tenor Tunable operates on 120VAC 68.4W 60Hz per fixture
- Wired internally - front access serviceability
- Recommended dimmer for fixture (dimmable model only): Lutron C.L Dimmers or Caseta Wireless. This dimmer has a full range control, low light adjustment, stops flickering and last setting memory

- 2-³/₄" × 36" (70 mm × 914 mm)
- 2-³/₄" × 39-³/₈" (70 mm × 1000 mm)

Depth: 4-⁵/₈" (117 mm)
surface-mount, 1⁵/₁₆" (24 mm)
when recessed

Net Weight: 6 – 9 lbs.

CONFIGURABLE OPTIONS

Lighting Styles:
Edgeline, Midline, Outline

FEATURES AND BENEFITS

- Seamless and flush aesthetic creates a visually clean cabinet and light installation when ganged with M Series Reserve, M Series, PL PORTRAY and PL Series medicine cabinets

- Light provides ambient lighting for a room with a soft glow that envelops a space and onto the wall with enough light to function and provides a consistent level of lighting
- Warm, relaxing tones (3000K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+. An R9 value of 50+ in conjunction with a CRI of 90+ is needed to accurately render colors, bring out skin tones and accurately match makeup to skin tone
- Thinner profile with Edgeline is ideal for urban spaces with a style that is reversible (rotate light pattern inside or outside) for ease of installation
- Ease of installation: build the lighting and cabinet configuration prior to placing in the wall using keyhole installation brackets and quick plug-in wire connectors, making installation a cinch
- Dimmable LED to add ambiance and can be used as a night light to allow for wayfinding at night for safe trips to the bathroom, using most standard residential dimmer that works with your home's existing wiring
- Will operate in high humidity or damp spaces. ETL certified to UL 1598 CSA Standard C22.2 No. 250.0

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - glass resists intense moisture, ensuring long-lasting beauty
- Anodized aluminum back frame
- Quality polished edge mirror
- Diffuser built into the product eliminating the need for plastic diffusers to be purchased separately, reducing eye strain with no dark/hot spots.
- Fully encased lighting construction eliminating exposed LEDs and electrical components
- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure

VESPER® LIGHTING

robern.com/vesper

INSTALLATION

- This installation may require more than one person
- Midline and Outline sold as a single unit (not as pairs);
Edgeline sold as pairs
- Fixture adds 1-¾" (2-¾" pair) per light for Edgeline or 2-¾" (5-½" pair) per light for Midline and Outline to the overall rough-in width
- Can be surface-mounted with 4" depth (D4) and 6" depth (D6) cabinets (D4 and D6 surface-mount kit required). Can be semi-recessed with 6" (D6) cabinets (D6 semi-recessed kit required) and fully recessed with 4" depth (D4) and 6" depth (D6) cabinets
- Operates on 120 volts AC and 0.5A (3000K) per fixture
- Wired internally - front access serviceability
- Each light includes ganging hardware on one side; additional ganging kit required when mounting with multiple cabinets
- Recommended dimmer for fixture: Lutron C.L Dimmers or Caseta Wireless. This dimmer has a full range control, low light adjustment, stops flickering and last setting memory
- The Master-to-Remote Cable is included with the Edgeline fixture (sold in pairs) to allow for the pairing of the style Edgeline to a medicine cabinet (4-¼-foot limit for distance)

STATUESQUE LIGHTED MIRROR - CURATED

"EMBODYING THE HEIGHTS OF LUXURY, STATELY STYLE, AND REFINED DESIGN, A GRAND LIGHTED MIRROR OFFERS BEAUTIFUL, LUMINOUS SELF-REFLECTION FOR EVERY MOMENT AND MOOD IN THE LUXURY HOME. CAPTURE THE DAY'S INNER AND OUTER BEAUTY AND BRING YOUR BEST SELF TO LIGHT."

DIMENSIONS AND WEIGHT

Dimensions (W x H):

- 86"x 44" (2184 mm x 1118 mm))

Depth: 1-3/4" (44 mm)

Net Weight: 140 lbs

CONFIGURABLE OPTIONS

- See Statuesque Custom Mirror Options page 181

FEATURES & BENEFITS

- Dimmable LED task lighting to 1%
- Compatible with most Triac/Phase-cut dimmers
- Energy efficient LED lighting (measurements may vary)
- Warm & relaxing light temperature of 3000K that replicate indoor lighting
- Light direction and output eliminate dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection

- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Flip Installation: the Statuesque Mirror can be mounted either portrait or landscape.
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 250.4

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Anodized aluminum back frame
- Quality polished edge mirror
- Diffuser built into the product eliminating the need for plastic diffusers to be purchased separately
- Fully encased lighting construction eliminating exposed LEDs and electrical components
- Constructed for surface mounting
- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety

STATUESQUE™ LIGHTED MIRROR - CURATED

INSTALLATION

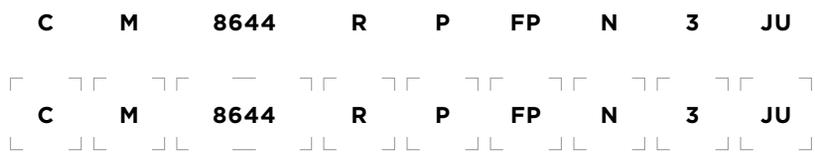

- Includes all required mounting hardware
- This installation may require more than one person
- Hang in portrait or landscape orientation
- Includes installation hardware with easy installation via Plug and Hang System.
- Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove - making it a cinch for both new construction and renovations. Works in all North American outlets
- Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation: C.L Dimmers or Caseta Wireless from Lutron
- For on/off (no dimmer) operation a standard wall switch may be substituted in place of the dimmer.

CONFIGURABLE OPTIONS

- Frame Styles: Slim Museum, Chamfer Museum
- Title 24 Compliant: Title 24 Compliant and not compliant
- Metal Frame Finishes: Chrome, Polished Nickel, Matte Gold, Matte Black

FEATURES & BENEFITS

- An assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces
- Museum frames showcase a 3/8" gap between the edge of the mirror and the overall frame. The lighting and gap work together to create an even, uniformed illumination across the frame and finishes while providing ambiance and task lighting
- Museum frames include two frame styles: Chamfer and Slim
 - Slim Museum Frame: for a shadow box effect and to complement a modern aesthetic, the sleek profile creates a minimalist look
 - Chamfer Museum Frame: the angled design adds dimension for a unique look that pairs well with transitional and traditional environments
- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Create a coordinated ensemble by pairing with Profiles Vanities
- Warm, relaxing tones (3000K) that replicate indoor lighting
- Light direction and output eliminate dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring
- Defogging technology ensures a clear reflection using a standard wall switch
- Compatible with most Triac/Phase-cut dimmers
- Constructed to operate in high humidity or damp spaces. UL Certified for damp locations to UL 962, CSA Standard C22.2
- **TITLE 24 COMPLIANT MODELS**
- LED mirror models (K) tested and certified to California Title 24

standards and meet JA8 2016 requirements

- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- Dimmable lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%.
- Vacancy and dimmer recommendation: Maestro C.L Dimmer and Motion Sensor

- Dimmer recommendation: C.L Dimmers or Caseta Wireless from Lutron
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer

CONSTRUCTION

- Frame Construction
 - Plated chrome and polished nickel finishes provide easy upkeep, exceptional durability, and a timeless look that complements any design
 - Anodized matte gold and matte black finish options are easy to maintain and won't chip, peel, or fade - so you can enjoy their beauty for years to come
- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Anodized aluminum frame
- Quality polished edge mirror
- Constructed for surface mounting
- Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety.

INSTALLATION

- This installation may require more than one person
- Hang in portrait orientation only
- Includes installation hardware with easy installation via Plug and Hang System.
 - Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove - making it a cinch for both new construction and renovations. Works in all North American outlets
 - Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers

(489mm x 1000mm)

Frame Depth:

Arch and Pill: 1-7/8" (47mm)

Net Weight: 31 – 33 lbs.

CONFIGURABLE OPTIONS

- **Metal Frame Finishes:**
Polished Stainless Steel, Brass, Matte Black
- **Shapes:**
Pill, Arch

FEATURES & BENEFITS

- Ceiling-hung mirrors designed for uniquely creative installation possibilities
- Includes extension rods to accommodate up to 11-foot ceilings

- Lofted ceiling adapter included for ceiling surfaces ranging from 45 to 90 degrees.
- Match or coordinate fixtures in your styling space with three popular metal frame finishes: Polished Stainless Steel, Brass, Matte Black

CONSTRUCTION

- **Frame Construction**
 - Hand polished stainless steel provides easy upkeep, exceptional durability, and a timeless look that complements any design
 - Anodized brass and powder coated matte black finish options are easy to maintain and won't chip, peel, or fade - so you can enjoy their beauty for years to come
 - Durable rust-free stainless steel and glass construction - resists intense moisture, ensuring long-lasting beauty
 - Constructed for ceiling mounting
 - Salt Spray Testing - ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
 - Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety.

INSTALLATION

- This installation may require more than one person
- It is recommended that this product be installed using a 4" round ceiling box rated for a minimum of 50 lbs (23 kg)
- For standard 8' ceiling installations, the adjustable down rod can adjust the height of the mirror a total of 11" (279mm), with each adjustment in 1" (25mm) increments.
- For installations higher than an 8' ceiling, extension rods have been supplied.
- Whether the ceiling is lofted or flat, the Ceiling Adapter will need to be set to match the ceiling pitch.

DIMENSIONS & WEIGHT

Dimensions (W X H):

Width:

- 12-1/8" (308 mm), 24-1/4" (613 mm), 30-1/8" (765 mm), 36-1/8" (918 mm) - with side kits installed

Height:

- 7-1/2" (191 mm), 15" (381 mm)

Depth: 18-3/4" (476 mm), 21-3/4" (552 mm)

Net Weight: 17 - 55 lbs

CONFIGURABLE OPTIONS

- Metal Frame Finishes: Polished Nickel, Chrome, Matte Black, Matte Gold
- Color Options: 8 Decorative Gloss and Matte Colors
- Night Light: No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application: Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

FEATURES & BENEFITS

- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, and Matte Black
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Lighting and Profiles Mirrors
- Plumbing drawer to allow clearance for drain (not available for 12" W drawer); false fronts (7-1/2" height - H1 only, not available for 12" W drawer) maintain the vanity's design when a sink does not allow room for a drawer; tip out drawer (7-1/2" height - H1 only, not available for 12" W drawer) gives storage back by providing a drawer for smaller items and full drawer allows optimal storage solutions; full drawers are not designed to accept a sink or plumbing. Drawers are intended for ganging and stacking
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2" H) vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15" H) vanities include one glass bin with plumbing drawers; Not available for 12" W vanities
- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option - integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty

PROFILES® VANITIES

robern.com/profiles

- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

and only available for 15" H (H2) vanities (not available for 12" W vanities)

INSTALLATION

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended.
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7-1/2" H increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" H tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" H full drawer as the first 15" H needs plumbing clearance. If using 7-1/2" H tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Night light option (S) - 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, See installation instructions for more information.
- Electric Accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in - 120VAC 20A outlet - GFCI protected. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Drawer Insert
- Plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins

CARTESIAN® VANITIES

MEET THE WORLD'S MOST ACCOMMODATING VANITY. LIKE THE MATHEMATICAL SYSTEM THAT INSPIRED ITS NAME, THE CARTESIAN WALL-MOUNT VANITY OFFERS INFINITE POSSIBILITIES FOR EVERY DIMENSION IN YOUR DESIGN. CUSTOMIZABLE CONFIGURATIONS ENSURE STORAGE THAT PERFECTLY SUITS YOUR NEEDS.

Scan here to see the full Cartesian® collection

DIMENSIONS & WEIGHT

Width:

- 12-1/8" (308 mm)
- 24-1/4" (613 mm)
- 30-1/8" (765 mm)
- 36-1/8" (918 mm) - with side kits installed

Height:

- 7-1/2" (191 mm)
- 15" (381 mm)

Depth: 18-3/4" (476 mm), 21-3/4" (552 mm)

Net Weight: 25 - 97 lbs

CONFIGURABLE OPTIONS

- Colors & Finishes:
9 Gloss and Matte Colors
- Night Light: No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application:
Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

FEATURES & BENEFITS

- Offered in limitless designs, these vanities are built to fit your preference and storage needs
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Plumbing drawer to allow clearance for drain (not available for 12" W drawer); false fronts (7-1/2" height - H1 only, not available for 12" W drawer) maintain the vanity's design when a sink does not allow room for a drawer; tip out drawer (7-1/2" height - H1 only, not available for 12" W drawer) gives storage back by providing a drawer for smaller items and full drawer allows optimal storage solutions; full drawers are not designed to accept a sink or plumbing. Drawers are intended for ganging and stacking
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawers; not available for 12" W vanities
- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option - integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12

CARTESIAN® VANITIES

CONSTRUCTION

- Durable rust-free anodized aluminum and glass construction - resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

INSTALLATION

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the vanities. Each ganging kit is by 7-1/2" increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side
- Alcove finishing kits are required for corner or alcove installations
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" full drawer as the first 15" needs plumbing clearance. If using 7-1/2" tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes
- Night light option (S) - 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, See installation instructions for more information.
- Electric Accessory option: three plugs and a switch that turns off power

to the unit to keep appliances safely plugged in - 120VAC 20A outlet - GFCI protected. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Drawer Insert

- Plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins and only available for 15" H (H2) vanities

WARRANTY/TERMS AND CONDITIONS/CARE AND CLEANING

LIMITED WARRANTY, ONE-YEAR TERM

Robern warrants to the original purchaser that it will, at its election, repair, replace, or make appropriate adjustment to products made by this company shown to have significant defects in material or workmanship which are reported to Robern in writing within one (1) year from the date of delivery. Robern is not responsible for installation costs.

The warranty time period for operating components including door hinges and opening devices to the original owner extends beyond the one-year term.

The warranty is void in the event the product is damaged in transit, or if damage or failure is caused by abuse, misuse, abnormal usage, faulty installation, damage in an accident, improper maintenance, or any repairs other than those authorized by Robern. At the expiration of the one-year warranty period, Robern shall be under no further obligation under any warranty, expressed or implied, including the implied warranty of merchantability.

Robern shall not be liable for any consequential damages arising out of or in connection with the use or performance of its products. Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Any liability against Robern under any implied warranty, including the warranty of merchantability, is expressly limited to the terms of this warranty.

Permission to return any merchandise under this warranty must be authorized by Robern and returned prepaid by the purchaser.

Claims under this warranty should be sent directly to your dealer.

TERMS AND CONDITIONS

Conditions of Purchase

Robern products are built to order. Products shipped and received in accordance with customers' accepted orders are non-refundable. Purchase orders cannot be adjusted after 48 hours. Certain products are non-cancelable once orders are received:

- Profiles Vanities
(Essentials, Classic, and Inspire Palettes)
- Engineered Stone Tops

Payment Terms

- Payment Terms: Net 30 days.
- Free Freight Allowed on Dealer orders greater than \$2,000 net.
- Free Freight Allowed on Distributor orders greater than \$10,000 net.

CARE AND CLEANING

For best results, keep the following in mind when caring for your Robern product:

Aluminum and Glass

- Blot spills immediately with a soft, damp cloth.
- Test cleaners in a discrete location first, such as the inside of a door, to ensure that there is no adverse reaction.
- Ammonia or vinegar-based cleaners can damage mirrors. Do not use abrasive cleansers.
- A 50/50 solution of water and isopropyl alcohol is recommended for cleaning medicine cabinets and mirrors.
- When cleaning, spray the cloth, not the mirror or surround surfaces.

Wood

- Do not expose wood furniture to direct sunlight, drying heat sources, or dampness.
- Protect wood surfaces by using felt, leather or cork under accessories. Never slide objects across wood surfaces.
- Dust frequently with a soft cloth in the direction of the grain.
- Use only products specifically made for cleaning wood. Avoid using oily polishes or waxes, or products containing silicone.
- Every six months, remove soil buildup by rubbing with a soft cloth dampened in a 50/50 solution of warm water and an ammonia-free detergent. Wipe clean with a cloth dampened in warm water. Wipe dry.
- Paint pens and touch-up markers may be available to conceal scratches on the wood surface. These products may be purchased from a Robern distributor or call 1-800-877-2376 for ordering information.
